

Thanks From Our Team

FALL 2020

Hello everyone!

This time of year is wonderful to reflect on what we are thankful for. At Seiler Instrument Geospatial, we are grateful and give thanks for many things.

- We are thankful for the many trusting and powerful win-win relationships we have with our customer partners across the Midwestern USA.
- We are thankful for our professional, caring and passionate employee teams who go the extra mile for our customers.
- We are thankful for our strong relationships with our Vendor partners including Trimble, Autodesk & ESRI who are all USA companies.
- We are thankful for our service men and women in the military and our first responders.
- We are thankful for our freedom, our families and our friends.
- We are thankful for our health and hope you are healthy too.

I wish you all the best. Have a safe, healthy, and happy holiday season!
 Tom Seiler
 Executive Vice President Geospatial

- Levels
- Clean, Re-lube, Calibrate Robotic, Total Stations, & Scanning Stations

Get To Know Us - Welcome Chad Willey!

Chad has an extensive background in the surveying industry. He brings his knowledge and expertise of over 20 years to the Seiler team. Chad started as a product manager for Sokkia, then as a survey crew chief for Phoenix Surveying & Engineering, to a regional sales manager of Topcon. Prior to joining Seiler, Chad was sales manager/vice president of Ozark Laser and Shoring.

Chad's knowledge and expertise are centered around civil engineering, surveying, sUAS, technical training, business development and building strong client relationships. Chad attended Longview Community College and the University of Missouri Kansas City, and has his FAA Part 107 Remote License.

One of Chad's most successful ventures is his marriage to his lovely wife, Pamela, and their beautiful daughter Cate who plays select volleyball. Chad loves hunting and fishing, but mostly watching his daughter play in volleyball games!

Chad is thrilled to be joining our Seiler Kansas team and stated that he always felt welcome by the Seiler family over the years. He is excited about the new office coming soon in the Kansas area for Seiler customers and the reputation and excellence that Seiler brings to the surveying / geospatial industry.

Please join us in welcoming Chad to the Seiler Family Kansas Team and connect with him direct at: cwilley@seilerinst.com or 913-205-1546.
